Hamilton, MT. 59840

RE; DISTRICT COURT CAUSE NO. 96-324

Dear Judge Langton;

On or about July 7, 1999, the Board of County Commissioners received a Writ of Execution for the above cause. This writ ordered the Board to turn over property (\$23,742.16) to the Sheriff in satisfaction of a judgment for Ken and Jan Oberstaller.

These monies were to be paid to Alex Bailey DBA Westana Construction for the construction of the Mud Creek Bridge which is the Ravalli County Rural Special Improvement District No. 1 (RSID).

As the Board is in the process of budget deliberations, discussion occurred this date about the monies left in this RSID account, most of which are obligated to bond counsel, the 10% retention of the contract amount and state tax of 1%. A small amount of interest has also accrued in this account. We were advised to hold these monies until we were advised otherwise by your court.

Could you please advise us as to the status of this cause and the ability of our office to disperse the balance of these monies.

Thanking you in advance,

Glenda Wiles
